Everyone knows that a diamond is forever. Diamonds represent faithfulness, purity and relationships filled with love. But did you also know that the diamond is also called the king of all crystals, and can bring a feeling of peace and inner calm? It can also bring clarity by cleansing your energetic obstacles. Diamonds, along with all minerals and crystals of the earth, are not only beautiful but they also carry with them energetic properties from Mother Earth.

Rose Quartz is the pure essence of love, and it gently helps us release our fears. Emerald is the stone of Heart-centered living, and helps us embrace abundance and unconditional love. Aquamarine is the gem of clarity of communication, and helps with emotional cleansing and can calm and soothe. Every gem, stone and crystal has unique properties that can be used for adornment, feng shui and healing. Let's Let's THInK Unique gift shop has the largest selection in the area.

Let's THInK Unique is a comfortable place for people to shop for items that are out of the ordinary. They sell a spectacular array of unique gifts, books, jewelry, incense, essential oils, Himalayan salt lamps, rare stones and other adornments for your person or your home.

Himalayan Salt Lamps are a favorite at Let's THInK Unique, and they make a beautiful addition to any room. Himalayan salt lamps are a source of beautiful light, and when lit their negatively charged ions act on the contaminants in the air by neutralizing them and weighing them down so they can no longer circulate. Himalayan salt lamps can be placed in your office, bedroom, meditation area, or any other room you spend

time in. They are wonderful natural calming devices and give off a beautiful golden light.

Even if you are not shopping, Let's THInK Unique gift shop is a great place to meet friends and get re-energized for the day at their coffee and espresso bar. Let's THInK Unique serves all your favorite coffee drinks from their Italian espresso machines. Even when you don't need caffeine Let's THInK Unique is a great place to go for delicious and healthy smoothies. In the summertime they add snacks and shakes to their menu.

Illuminating Light Therapy

Ask our Sales Staff about the Sun Spectrum 9000. A unique form of light therapy.

What is light therapy? Light therapy, sometimes referred to as bright light therapy or phototherapy, utilizes full spectrum light, which is man-made light that mimics natural sunlight with a pure, bright, white light. Though this light has all the benefits of sunlight, it contains no harmful UV rays that might harm the skin.
